# IWSSIP'99

## Organized by:

Faculty of Electrical Engineering and Information Technology, Slovak University of Technology (FEI STU) Bratislava, Slovakia

## Purpose

The 6th International Workshop on Systems, Signals and Image Processing, organized this year by FEI STU Bratislava, co-sponsored by IEE, IEEE, EURASIP, Alcatel Slovakia and Slovak Telecom is an annual event for scientists and experts from Europe as well as from the whole world. The IWSSIP'99 gives an opportunity to experts to present up-to-date results in the related areas.

# SCOPE

- **Digital Signal Processing**
  ***Algorithms & Techniques***
  - Adaptive DSP Algorithms
  - Image Processing
  - Speech Processing
  - International Standards for Compression Techniques
  - Fast Algorithms for Signal Processing
  - Neural Networks
  - Transform Coding
  - Image Restoration and Enhancement

- **Digital Signal Processing**
  ***Applications & Implementations***
  - Signal Processing in Multimedia Services
  - VLSI Implementation of DSP Algorithms
  - Digital Signal Processors
  - Real Time Software
  - DSP in Telecommunications

- **Telecommunication Networks & Services**
  - Teleconference
  - Distance Education
  - Cable TV Services
  - Broadband Communications and Services
  - Multimedia Networking
  - ISDN and B-ISDN
  - Satellite Communications
  - ATM Technology
  - TMN
  - Intelligent Networks
  - Internet

## Submission of Papers

Prospective authors are invited to submit an abstract of their paper limited to 1-2 pages to the IWSSIP´99 secretary by **February 10, 1999**. Abstract of the paper should include title, authors, contact address, telephone and fax numbers and electronic mail address.

Send four copies of the abstract to the contact address and an electronic version of the abstract as a postscript file to the e-mail address:

IWSSIP99@ktl.elf.stuba.sk
